***Barangay Seal:**

NEW BARANGAY SAN JOSE

SEAL

(WINNING ENTRY BY DANILO PELIAS IN THE BARANGAY LOGO DESIGN COMPETITION HELD ON DECEMBER 22, 2015, AT SAN JOSE BARANGAY SESSION HALL)

O F F I C I A L

MEANINGS:

1. The round circle at the center is divided into four (4) quadrants which represents the barangay and its aspirations.
 - * Clockwise starting the upper right quadrant shows the picture of St. Joseph, the patron saint of Barangay San Jose.
 - * At the lower right quadrant shows both hands tenderly carries the symbol of a household which expresses the commitment to care and provide the needs of the constituents.
 - * At the lower left quadrant shows the multi-storey structures which represents the aspiration for progress and development of the place.
 - * At the upper left quadrant showing different structures with a cross at the top most pinnacle. Which expresses the religiosity of the barangay. Not a few times

was the place described as the “little Jerusalem” owing to the existing numerous religious orders setting foot in the area.

2. The number 1972 at the bottom represents the year the barangay started to exist and be functional with first set of Barrio Officials elected during the synchronized election on January 9, 1972. (After its creation through Ordinance No. 733 on November 25, 1971 creating 5 sitios of Barrio Talamban as BARRIO SAN JOSE).

***Common Sports:**

The love of the games of Basketball and Volleyball is apparent to the people of Barangay San Jose. The lack of standard sized basketball court does not deter their passion of the games. A yearly fiesta wouldn't be complete without the basketball and volleyball league. The craze of the games was evident to the 2013 Mayor's Cup wherein the Barangay San Jose teams lorded it over the rest of 80 barangay teams all over Cebu City in the Basketball Men above 40 category and Volleyball Womens League. and in the just concluded 2015 (CCYM) Cebu City Youth Movement Basketball and Volleyball League wherein all the Barangay San Jose Teams led their respective brackets. The native Volleyball format of Dayun2x for men and women was also a fad, evidently shown by grabbing the championship crown of both leagues at the 2015 Cebu City's Pahugyaw Festival at Ayala Heights in Babag. Many folks in Barangay San Jose would take every chance possible to play or organize a fun game competition of the sport. Some of the folks also who weren't inclined to the physical games, were into board games competition like chess, scrabble and dama. Casual sight in some corners pairs of men in serious modes staring intently at their pieces pondering their next moves in the games of chess. If considerable number of folks were crazy to this game, double were the numbers of those who were crazy about the native game of dama.

***Religious Tourism:**

The religious tourism at OAD Tabor Hills was one of the attractions that kept the barangay alive especially during the Lenten Season. People from different far away places come by droves to pay their yearly penitence by way of via cruces in Tabor Hill, Purok 3, San Jose. The place post itself as the new alternative site to the old famous Celestial Garden of Banawa Hills, Cebu City. The people coming in with their families, officemates and friends find distinct peace and spiritual abode at the place in desire of God's encounter, the reason why people never stop coming over and over again every Lenten Season. The set-up added spiritual meaning to the occasion as the faithful start it with the sacrifice, by gradually climbing up the hill while completing the 14 stations of the cross and upon reaching the top and end of the stations which strategically located at the plateau of the hill, they would feel the cold breeze of the wind, the fresh air and the scenic panoramic view of the surroundings and the cities of mandauae, lapu-lapu and cebu. As always heavenly glory comes at every end of trials and sufferings in this world. New added attraction was the setting up of the Chapel of the Relics, wherein relics of hundred of Saints were reverently stored and displayed at the chapel. One can noticeably feel the holy atmosphere of the place. The holy devotion of Sta. Rita also gives an added reason for a thousand of people from different places to keep coming back to Tabor Hills.
